KIOSKS

# CHEQUE DEPOSITING KIOSK

## DESCRIPTION

**Olicom Kiosk** products and solutions are designed and targeted to **simplify banking operations** and to provide **more convenience** and **efficiency** to the users.

Integrated with the **Olicom A600K scanner** or the **CX30 check scanner** module inside, as a secure and perfect solution for the cheque capture environment, the kiosk is mainly designed for **self-service cheque deposit** and **banking format processes** in branches.

Rich optional modules, including **card reader, fingerprint scanner and thermal printer**, can be integrated according to the various demands of the end users.
